## **HIDDEN IN PLAIN SIGHT**

Do you know what common drug/alcohol paraphernalia looks like and what to look for? Drug Free Adams County is hosting a “Hidden in Plain Sight” display at the Lester Public Library of Rome on December 11<sup>th</sup> to help parents, grandparents and anyone that works with youth to recognize common items that may be masking drugs and alcohol.

According to the 2018 Youth Risk Behavior Survey, 19% of middle school students have drunk alcohol and 20% of high students have tried marijuana during the last 30 days. Check out what items can be “hidden in plain sight” to become better aware of the devices that are out there for youth to use.

The display will be up at the library from 11am–7pm. Resources will also be available.

For more information, or to schedule a “Hidden in Plain Sight” display at your business or organization, contact Suzanne Schreiner, Community Health Specialist, at 608-339-4375 or [Suzanne.schreiner@co.adams.wi.us](mailto:Suzanne.schreiner@co.adams.wi.us).
